

### **World Heart Day on September/2017.**

On September 28,2017, Faculty of Medicine at LIMU hosted the celebration of the day of cardiac health. The event was prepared in cooperation with Libyan Heart Association, and it was under the title of (Heart Health is Our Responsibility).

The discussion was on several scientific and educational topics such as management of Acute Heart Failure, Pulmonary Embolism and Arrhythmias, the Libyan comprehensive survey of risk factors for non infectious diseases, and the right food for heart patients.

The event also included scientific activities and educational posters.
