

Ben Carson's

A great mother behind a great surgeon

He experienced a family crisis that negatively affected his psyche. But his mother was that woman who stood strong behind him to make him a great brain surgeon. When he was eight years old, his

parents divorced. After that, he moved with his mother and brother to live in his aunt's house. Meanwhile, his mother became depressed and was visiting several hospitals for treatment. His mother did not leave her two children despite all the surrounding pressure. "I ever worked as a housemaid in order to raise them". He mentioned this in his diaries with a feeling

Ben Carson retires from medicine

In 2013, and ran for the presidency of the United States of America, but lost in the elections, to be nominated by US President Donald Trump to serve as the Minister of Housing and Urban Development in America

Ben Carson's Achievements

He joined the College of Medicine at the University of Michigan in America and specialized in neurosurgery, to graduate and be chosen as the best urologist in 1975 AD. After his marriage to Lasina Candy Rosten, he moved to Baltimore, Maryland, to be the director of Hope Children's Neurosurgery Hospital, and in 1977 AD he was appointed to hold this position in the United States. The doctor performed many successful surgeries such as separating the foreheads of seven month old twins, and separating the back of the head for conjoined twins, in addition to performing a neurosurgery for a fetus in his
